Subject: CAFO WPDES Preliminary Permit Application - Acknowledgement of Receipt

Dear Jeffrey Sauer:

The Department received your preliminary application for issuance of a CAFO WPDES permit to Cumberland LLC on March 15, 2019.

Your preliminary application materials have been sent to Jeff Jackson, your regional Agricultural Runoff Management Specialist. Jeff Jackson will be contacting you to set up an appointment for a site walk-over of your operation, if one has not already been scheduled. During the site walk-over, you may ask any questions you may have about CAFO regulations and the WPDES permitting process. Jeff Jackson will also indicate what materials are needed for your final application submittal and will discuss whether your site is eligible for an individual or a general permit and other aspects of your permit.

Following the site walk-over meeting at your operation, Jeff Jackson will send you a letter summarizing the meeting discussions and outlining the components required for your final application submittal. Required application materials and information to help you submit a complete final application, can be found on our website at: <http://dnr.wi.gov/topic/AgBusiness/CAFO/PermitForms.html>. Final applications must be submitted through the Department's ePermitting System: <http://dnr.wi.gov/permits/water/>

Thank you for submitting your preliminary application. We look forward to working with you throughout the permitting process. Please do not hesitate to contact Jeff Jackson (phone: (715) 210-1415; e-mail: Jeffrey.Jackson@wisconsin.gov) or me if you have any questions about your application materials.

Sincerely,

Anthony Salituro
CAFO Intake Specialist
